

Financial Policy

Footbridge Family Dental is dedicated to providing quality service while keeping your cost as affordable as possible. Because dental health is such an important part of our overall well being, we offer very flexible payment options to help your dental treatment fit comfortably in your budget.

- Dental insurance is an excellent benefit. We will gladly file insurance for those patients who have it available. We will also do our very best to estimate how much insurance will pay. However, we cannot guarantee any payment from your insurance company. Any remaining balance, after your insurance company pays, is your responsibility and is due immediately unless special arrangements are made. (It is also recommended that we file a pre-treatment estimate to your insurance company before beginning any major treatment.)
- We accept the following methods of payment: Visa, MasterCard, Discover, American Express, Check, Money Order, and Cash.
- Any balance not paid within 90 days will be turned over to an outside collection agency.
- We do have financing available through American General (12 months same as cash) and Dental Fee Plan (up to five years with fixed low interest rates). These plans are based on a credit approval.
